

23DGDCR4- Large V-Tile™, Golden Slate

The Large V-Tile™ goes one step further than the V-Tile™ and V-Tile™ II – with its size up-scaling the dramatic effect on grander wall projects. As its name suggests, this range is shaped like a single wedge...and the structure creates a stunning 3D effect on any wall. It is one of the most versatile of all our products, unmeshed for ultimate design and installation flexibility, and visually dramatic with subtle colour highlights and a natural surface texture.
