

# VA.10

Subway tiles remain a perennial favourite for interior designers. Their low-maintenance durability sees them installed on walls across the board, from hardworking hospitality spaces to kitchens, bathrooms and retail applications. Versatile enough to be laid horizontally or vertically, offset in a classic brick-bond design or a modern rectangular grid layout. Available in 5 formats - Traditional 100 x 300mm subway (plain or bevelled edge), mini mosaic, mini subway or a versatile square. With an array of colours to choose from, subway tiles are the ideal wall covering for a space with timeless appeal.
